

Vellara
HEALTH

Care That Shows Up

Raising the Standard of Long-Term Care

We believe the best care is both personal & proactive. The name Vellara comes from the Latin *valere*—to be strong, to be well—reflecting our commitment to long-term health & stability.

What Makes Us Different

OUR GUIDING VALUES

CLINICAL EXCELLENCE

We hold ourselves to the highest standards & are committed to long-term patient health & quality of life.

ACCOUNTABILITY

We show up consistently for patients, taking full responsibility for our care decisions & their impact.

EMPATHY

We lead with compassion, treating everyone with the dignity & respect they deserve.

FLEXIBILITY

We adapt our care to each patient's unique needs & preferences, without compromising quality.

Daily coverage. Smarter care. Fewer transfers.

HERE'S WHAT YOUR FACILITY GAINS WITH VELLARA:

CONTINUOUS CARE

Our full time, in-house providers conduct daily rounds onsite alongside your nursing team, while after-hours telehealth ensures care is active, not reactive.

AI-GUIDED TREATMENT

Smart analytics support timely, personalized decisions that improve patient outcomes & streamline care planning.

MEDICATION OPTIMIZATION

Monitored & managed prescriptions help eliminate unnecessary doses & lower medication costs.

BAKED-IN FACILITY SUPPORT

We work within your interdisciplinary team to drive PDPM compliance, performance, quality metrics, & staff education.

**WE'RE NOT JUST VISITING -
WE'RE FULLY INTEGRATED.**

High-Quality Care, Delivered.

Vellara Health isn't just a vendor - we're part of your clinical ecosystem. Our team shows up daily, fully integrates with your facilities leadership & remains available after hours. The result? Stable care for your residents & meaningful support for your staff.

CORE SERVICES

HANDS-ON MEDICAL CARE

- Daily rounds by NPs & PAs
- Early symptom detection
- After-hours telehealth

AI-INFORMED INSIGHTS & ANALYTICS

- Risk identification
- Staff education & integrated care
- Personalized treatment plan development

ADMINISTRATIVE & CLINICAL SUPPORT
